

Early Reading Matters

An outcomes-oriented professional learning service for teachers to develop the content knowledge and instructional expertise critical for improving student literacy in grades K-3.

Teaching Matters' early literacy coaches provide teachers with targeted support in effectively planning and executing the components of the reading block, frequently assessing students, and engaging in collaborative inquiry.

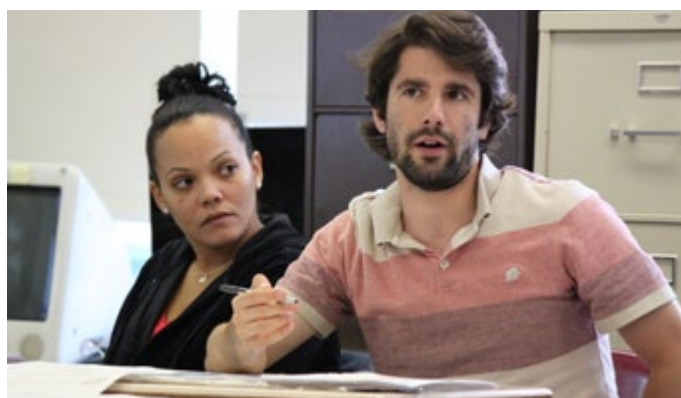

Teachers will learn how to implement research-based strategies, identify and use high quality texts, and align teaching to the Common Core standards, while being mindful of the needs of very young students. As an important element, we also build the capacity of your early literacy teacher leaders to sustain this work.

Measurable Outcomes:

- Improved student reading levels
- Research-based, effective early literacy instruction (QR 1.2)
- High-functioning teams engaged in collaborative inquiry practices (QR 4.2)

**Great teachers.
Bright futures.**

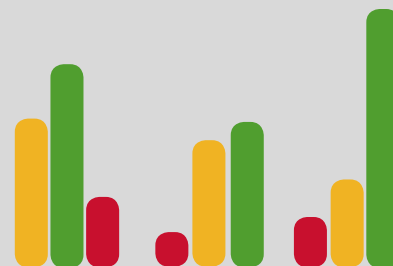

Principals get:

- A workshop on leading school change in early reading instruction
- Mentoring in using trackable “look-fors” to support effective early reading instruction
- Data analysis and reporting on progress to support the school-wide data team
- Final impact report

Teachers get:

- Early Literacy Institute
- *Leading Teacher Teams* institute
- School-based early literacy workshops
- Access to Early Reading Matters Toolkit
- Job-embedded coaching from an early literacy coach
- An easy-to-use student progress tracker

How we work

Custom Learning Plans:

We generate a custom professional learning plan for your K-3 grades built from our needs assessment that identifies the highest leverage work ahead.

Onsite Coaching & Content:

Early literacy coaches partner with teachers, leaders, and teams to provide weekly research-based support and resources.

Assessment of Impact:

School leaders receive an impact report summarizing teacher and student progress.

Great teachers. Bright futures.
