

# Math Matters

An outcome-oriented professional learning service for K-12 math teachers to develop the content knowledge and instructional expertise critical for improving student success in math.

Teaching Matters' math coaches lead teachers to improve the teaching and learning of math through targeted support in curriculum, assessment, instruction, and collaborative inquiry.

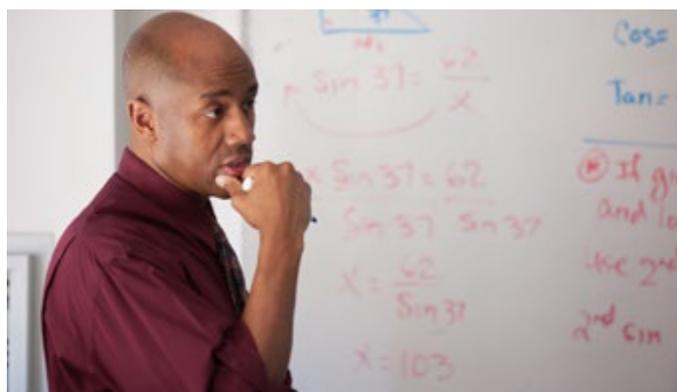

Teachers will learn how to establish standards-based common curricula and assessments, execute effective lessons that exemplify Common Core instructional shifts and Standards for Mathematical Practice, engage students in rich mathematical discussions, identify and address common student misconceptions, and collaboratively refine their instruction based on data analysis. As an important element, we also build the capacity of your math teacher leaders to sustain this work.

## Measurable Outcomes:

- Research-based, effective math instruction (QR 1.2)
- Implementation of Common Core aligned curriculum (QR 1.1)
- Common assessments that inform instruction (QR 2.2)
- High-functioning teams engaged in collaborative inquiry practices (QR 4.2)
- Improved student learning as measured by common assessments

**Great teachers.  
Bright futures.**

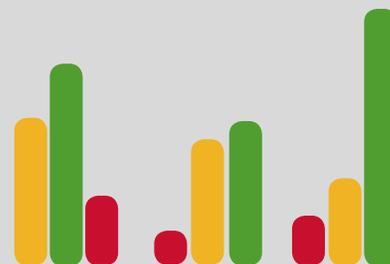

### Principals get:

- Support in what to look for in an effective math lesson
- A thought partner for your school's math initiatives
- Final impact report

### Teachers get:

- *Leading Teacher Teams* institute
- School-based customized math workshops
- Access to resources and training modules housed in a learning management system
- Job-embedded coaching from a math coach

## How we work

### Custom Learning Plans:

We generate a custom professional learning plan for your teachers built from our needs assessment that identifies the highest leverage work ahead.

### Onsite Coaching & Content:

Teaching Matters coaches partner with teachers, leaders, and teams to provide research-based support and resources.

### Assessment of Impact:

School leaders receive an impact report summarizing teacher and student progress.

# Great teachers. Bright futures.
